## GRANT AT GALENA,

Readily Readjusting Himself to That Sleepy Old Town.

Denial of Statements Regarding Nellie Sartoris.

The General's Eulogy Upon Senator Chandler.

GALENA, ILL., Nov. 10.—The Grant family are very quiet in their home life, adjusting themselves readily to the habits of the sleepy old town. General Grant calls on his old friends at their places of business, and drives with them about the city and vicinity. He and Mrs. Grant took tea with Captain Estey yesterday. There have been as yet no attempts at public entertainments since the reception.

General Grant attended the South Presbyterian Church yesterday. None of the family were present at the Methodist Episcopal Church, their usual place of attendance, either morning or evening.

A gentleman who called upon Grant Sabbath afternoon reports some matters of public interest.

Referring to the Chicago reception, Grant expressed his gratification at the sentiments which actuated his people, as he termed them, but modestly added that he dreaded display, and would prefer to meet his friends in quiet. His time until he leaves for Chicago will be fully occupied in answering a vast accumulation of correspondence. Among the cities he intends visiting while East are Columbus and Philadelphia. At the latter place he will stop a week.

Mrs. Grant has little opportunity for rest even at their quiet home, as she is constantly receiving calls from former neighbors and friends. She is in good health and entertaining as ever. She expressed deep regret at the report alleged to have been circulated by Olive L. Ryan, that owing to incompatibility her daughter Nellie and Mr. Sartoris did not live happily together.

Nothing could be farther from the truth, Mrs. Grant denied the report that Mrs. Sartoris had set sail for America. She has no intention of an early visit from her daughter, who is at present at the Sartoris residence in London and will spend the winter with her husband in Italy, as they always have done since their marriage.

Wm. A. Ganett, of the Detroit Commandery, of Knights Templar, presented Grant with a notice of Chandler's funeral, the Senator having been a member of that Commandery. The General wrote the following on the back, which will be preserved:

"A nation, as well as the State of Michigan, mourns the loss of one of her most brave, patriotic and truest citizens. Senator Chandler was beloved by his associates, and respected by those who disagreed with his political views. The more closely I became acquainted with him, the more I appreciated his great merits."

"U. S. GRANT."

## A FEMALE FIEND.

Her Horrible Treatment of Three Little Children.

EAST SAGINAW MICH., Nov. 10.—Joseph Gariphie, at West Bay City, sent his sick wife home to her father, and he with their three children came here with a woman named Mary Cote.

The wife has arrived, after ten weeks, and got a warrant for her husband's arrest for adultery. She found her children, aged three, five and nine years, locked in a house, covered with scars and bruises, having been subject to the most inhuman treatment from the woman Cote.

Their flesh was black and blue and mortification had set in. The life of the second little girl is despaired of. In one instance the children were hung by the neck until they were nearly dead. Gariphie and the woman have been arrested, and lynching is talked of.

The alarm of fire about 1 o'clock this afternoon from Box 37, corner of Sycamore and Fifth streets, was due to a small blaze in Mr. Bell's laundry, at No. 57 East Fourth street. The flames were out before the engines arrived.

The probable total loss is from \$10,000 to \$12,000. All the stock was saved except one horse and some hogs. The work no doubt was that of an incendiary.

Denham, it is alleged, was cooking his own supper, when, being attacked by Archibald Blackwell, an older brother, the former drew a revolver to defend himself.

Robert then approached with a pistol and fired at his stepfather. One shot missed, but a second shot pierced his temple and he fell upon his face and died in a little while. Denham was a highly respected citizen and had had much trouble with the two boys. The two Blackwells were arrested, but are now out on bail.

A white man has been arrested as the perpetrator of the deed. Doubtless before this is printed Margaret Caldwell's soul will have taken its flight. She had at the church that night and had become a mourner, and had informed several that she intended leading a good life in preference to the one she had followed.

## MAJOR MORROW'S MEN.

Preparing for Another Raid in Mexico.

Determined to Dispatch Old Victoria or Die.

SPECIAL TO THE STAR.

DENVER, Nov. 10.—A Tribune Santa Fe special says that Victoria evidently lost heavy in the fight on October 27th, the Mexicans who passed some of the Indians reporting his loss at about twenty killed and wounded.

The greatest activity prevails at military headquarters at Santa Fe and at Fort Barran in refitting Morrow's command. One hundred and fifty horses are being sent to Fort Bayard by Captain Dodge and his company of the Ninth Cavalry, the gallant band who brought succor to Payne's command on Milk River. Captain Dodge's company has been ordered to duty with Morrow's command.

In the meantime Major Morrow has taken the utmost precaution to protect the settlements from Indian attacks, and detachments of troops have been placed at McEver's ranch, at Chase's ranch on the Rio de las Animas, at Hudson's, Hot Springs, at Burro Springs, at Knight's Ranch, at Caw Springs, Sleum's ranch on the Frisco River, pretty completely covering the country out of which Morrow has driven the Indians.

General Hatch has ordered all possible facilities furnished Morrow to refit his command, so that he can take the field again shortly. Two mountain howitzers are being furnished Major Morrow, also fifty jack mules. As soon as refitted Morrow will take the field and hunt old Victoria and his band down, Mexico or no Mexico.

## THE CHEAP CHINESE.

Headricks B. Wright Thinks They Must Travel.

Chairman of the Congressional Committee Unbosoms Himself.

National Associated Press to the Star.

NEW YORK, Nov. 10.—Mr. Hendricks B. Wright, Chairman of the Congressional Committee on the Labor Question and Kindred Subjects, says that every one of the committee agreed as to the advisability of prohibiting, or at least restraining, the continued influx of the Chinese into this country.

The test vote of California has been almost unanimous on this head. The American workman must live like a civilized, intelligent being who has rational wants which must be supplied and comforts that require satisfaction. The Chinaman can live on twenty cents a day or grow fat on garbage when a white man would starve.

They bring even their clothes and food to this country. They come not to become useful citizens, but to make money and send it to China in order to follow as speedily as possible themselves. They are all single men, and do not bring their wives, nor have they any intention to stay here. They have crowded every hole and corner on the Pacific Coast, and now they are invading the Eastern cities.

A room twenty feet square will suffice for thirty of them. They lie on a row of shelves, one over the other, all round a room and revel in opium and every sort of abomination. Something must be done to raise a necessary barrier between us and the Mongolian invasion, which seriously threatens to overflow the land.

"Have the Commission reached results on any other subject than that of Chinese immigration?"

Mr. M.—"We find that there is a good degree of increase in the prosperity of the Union almost everywhere."

"How do you like the outlook in the labor market?"

"The demand for labor is generally better than it was a year ago. Higher wages are offered and more employment is to be had."

## THE STRAITSVILLE STRIKE.

Results in an Advance in the Price at Columbus.

SPECIAL TO THE STAR.

COLUMBUS, O., Nov. 10.—The price of coal advanced this morning in this city to

\$3 50 per ton, with the demand exceeding the supply. The outlook is very disheartening, and the worst has not come. Two large coal dealers in this city have no coal on hand.

NEW STRAITSVILLE, O., Nov. 10.—The coal operators last night conferred with delegates from the miners, but the latter declined to back down from their demand for an advance to \$1. At a late hour this demand was acceded to, and the men are now working at the advanced prices.

## KILLED BY CARS.

Shocking Death of a Young Lady at Hamilton.

SPECIAL TO THE STAR.

HAMILTON, OHIO, November 10.—One of the most heartrending accidents that could shock our city happened this morning. As the 6:30 down train was pulling up to the depot it ran into and nearly killed Miss Alta Hawthorn. She has been teaching school at Jones' Station for some time past, and was just going to the depot to take the train that caused her ruin. As she turned to walk down the side of the track the engineer whistled, and not having a chance to get away from the track on the west side she started to cross when the engine struck her severing one limb entirely from the body and horrible mangle the other. Medical aid was immediately summoned and all was done that human hands could do to comfort the suffering one, but at this hour fears are entertained of her recovery. The news of this sad accident spread like wild fire throughout the city, as she was a graceful, accomplished and well-known lady.

## Chamber of Commerce Votes in Favor of an Exposition in 1880.

The question of holding an Exposition in 1880, which the Commissioners desired to have the Chamber of Commerce express their opinion upon, was brought up for discussion to-day.

The Committee to which the question was referred had returned the three different reports, and as a substitute for these, Mr. M. E. Huggins offered the following resolution, which was adopted after some discussion:

"Resolved, That the question of holding an Exposition in 1880, and also its incorporation, be referred to the Commissioners appointed by this body, with instructions to co-operate with the Commissioners appointed by the Board of Trade and the Chamber of Commerce, and take such action as may be jointly agreed on."

The following was then offered by Mr. Shoemaker, and adopted:

"Resolved, That the Commissioners appointed on Saturday last be instructed to use their influence in favor of an Exposition in 1880."

## Lecture by Mr. J. A. Joyce.

Thursday evening next, November 14th, Mr. J. Archibald Joyce, of this city, will deliver, at McJannet Hall, a lecture on "Curious People."

Mr. Joyce is a resident of Cincinnati at long standing, with whom many of our readers are doubt well acquainted, and a former widely and favorably known member of the press both here and in New York.

He is a man of varied and extensive information, and his large experience and knowledge of men and things gathered in the wanderings of years over three continents will enable him to treat his subject in an able and interesting manner. All who attend on this occasion may expect to be agreeably entertained, and we bespeak for him a large and appreciative audience.

## Green Kentucky.

A. M. Boling, of Fleming County, Ky., came here last Saturday with the intention of going to Danville, Ky., and thence to Texas. In his meanderings Boling met two hackmen, who proposed to save him the trouble of buying a ticket. They gave him a bogus check, and for it received \$15 in cash, all the money Kentucky had. When he arrived at the O. & M. Depot Boling was told that the check was bogus, and that moreover his baggage was not sent.

Mr. Boling applied to Mr. Kelly, of the O. & M. Road, and the latter told him to watch out for a day or two for his men. Boling did so, and this morning caught the train on the Suspension Bridge. On his demanding the money, the crooked fellows gave him back his \$15, and added to it a brand new pocket-book. The hackmen immediately after made a retreat to Kentucky and no arrests were made.

## The Indiana Extradition Case.

The question as to the right of the authorities of Indiana to the custody of Stephen S. Miller, who had been arrested under the warrant of the Governor of Ohio, claiming that he was a fugitive from Indiana, where he was charged with obtaining title to property by false pretenses, came up to-day before Judge Longworth in the Common Pleas Court.

The return of the Sheriff was that he held the accused by authority of the Governor's warrant. J. C. Hesse, the prosecuting witness, identified the accused as the person named in the warrant.

The witness also made an affidavit that Miller obtained from him, by false pretenses, property in Jennings County. The case is in progress.

Thomas Curtis and Robert McGinty are held at the Ninth-street Station-house on suspicion of holding up a man on Sixth street night before last, and robbing him of a gold watch and chain, a diamond ring, and a plain gold ring.

## MORE KNIFE WORK.

Cutting Affrays on Front and on Clark Streets.

One of the Victims Dies To-day.

Last night about 11 o'clock three young men named Chas. Webster, John Berkrose and James McIntyre, all boarders at Anthony Herman's, No. 152 West Front street, returned from over the Rhine. When near the house they met Mollie Caddin and Minnie Gillooly. After a few moments' conversation they parted, the girls going in the direction of Plum street. McIntyre followed and overtook them in an entryway, where he found them standing with three men. As soon as McIntyre came up, the trio jumped on him. After the scuffle McIntyre went across the street to a saloon, where he fell on the floor, exhausted from the loss of blood. He had received seven cuts—one on the leg, three on the side, one under the arm and two on the arm. The wounded man was taken to the Hospital. His wounds are not dangerous.

Peter Walsh, James King and Thomas Hannan were arrested, and are held on suspicion of having done the cutting. Their case will come up in the Police Court to-morrow.

Last Saturday night as John Lank, residing No. 341 Clark street, was walking along Clark street on his way home in company with a friend named Jacob Imm, the latter heard a young man use insulting language to a girl. Imm spoke to the stranger about it, and got knocked down for his pains. Lank rushed to Imm's assistance, when the stranger drew a knife and slashed him across the abdomen, inflicting a wound from which the bowels protruded. Lank was taken home immediately and a physician summoned. It is hardly expected that he will recover.

It was not known when the cutting occurred last night, when Thomas Fagin, residing at No. 108 Betts, gave himself up at the Oliver-street Station-house, admitting that he did the cutting, but in self defense.

Fagin was arraigned before Judge Wilson this morning on the charge of cutting with intent to kill. Owing to the dangerous condition in which Lank lies, the case was continued until next Friday, bail being fixed at \$5,000.

LATER.—Lank died at about 1 o'clock this afternoon.

Resigning this rank after four years service, he was commissioned by the Government as First Lieutenant of the Eighth Regular Cavalry.

## Home, Sweet Home.

The dearest place on earth is home, but many there be who are compelled to wander far away. To such there come dreams of happy hours spent at the Ingleside and a longing for rest and shelter where the comforts and conveniences are of such character and the people of such a nature as to supply in the fullest, greatest degree, that home. The pilgrim who journeys to Boston will find the Mecca of his dream fully realized in the Revere House. As he sets foot upon its threshold the very atmosphere imparts a peaceful rest to his weary body, and as he feels the hearty, brotherly grasp of Host Ferris' hand his heart throbs with pleasure, and he cries "Home at Last." The Revere was founded some thirty-seven years ago
